

Amendments to the Specification

Please amend the title of the present application to read "Polyamides for Nucleic Acid Delivery".

Remarks

The present application was originally filed simultaneously with another U.S. national stage application and, by no deceitful intent, the title for the first national stage application was erroneously duplicated in this application by the original attorney of record. Therefore, Applicant requests that the title of the present application be corrected to properly reflect the invention disclosure. As the amendment does not involve the introduction of any new matter, entry of this Amendment and correction of the title is respectfully requested. It is believed that no additional fees are due; however, please charge any fees required to Deposit Account 04-1133.

Respectfully submitted,
